Sonoma County Roadmap to Reopening

Sonoma County Roadmap to Reopening

The state has developed a four tier system that allows counties to be responsive and loosen and tighten restrictions on activities as needed based on how widespread COVID is in their community.

Tier 1: Widespread - many non-essential business operations are closed.

Tier 2: Substantial - some non-essential business operations are closed.

Tier 3: Moderate - some indoor business operations are open with modifications.

Tier 4: Minimal - most indoor business operations are open with modifications.

Under the State's [Blueprint for a Safer Economy](#), every county in California is assigned to a tier based on its rate of new cases, overall testing positivity, and the testing positivity of its residents with access to the fewest socioeconomic resources. At a minimum, counties must remain in a tier for at least 3 weeks before moving forward. Data is reviewed by the State weekly and tiers are updated on Tuesdays. To move forward, a county must meet the next tier's criteria for two consecutive weeks. If a county's metrics worsen for two consecutive weeks, it will be assigned a more restrictive tier.

	Higher Risk --> Lower Risk of Community Disease Transmission			
	Widespread Tier 1	Substantial Tier 2	Moderate Tier 3	Minimal Tier 4
New cases/100,000 population per day (7 day average; 7 day lag)	>7	4-7	1-3.9	<1
Testing % Positivity (7 day average; 7 day lag)	>8%	5-8%	2-4.9%	<2%

Sonoma County is currently on: **Tier 1**

Sonoma County's Case Rate 12/08/2020
